# Luke Carrico Air Show Announcer

Elevating the industry standard, air show announcer  
Luke Carrico provides the best in showmanship  
& presentation to aerial events worldwide.

## SYNOPSIS

Air Show Announcer Luke Carrico serves as the trusted voice of dozens of aerial events all across the United States and internationally. From the coasts of Maine to California and even as far as Japan, Luke has served as the voice of choice for more than fifty unique aviation events worldwide since 2008. His professional, exciting, and enthusiastic presentation style places the attention of spectators directly into the cockpits overhead. As a licensed pilot and a charismatic entertainer, Luke has dedicated much of his life to the art-form of air show announcing and it is showcased in every single event he presents.

Luke got his start volunteering for his hometown air show in southern Indiana and has since supported some of the nation's most prestigious military and civilian air shows. Carrico has had the honor to work closely with all of the North American jet demonstration teams, single-ship demonstration units, and countless civilian performers and operational squadrons, and stays busy announcing close to twenty aviation events every year. His tenure as a professional and full-time air show announcer makes him a talent of choice for several award-winning aerobatic teams, air show performers, and today has amassed hundreds of live performances presented over the past decade.

In addition to his role as a professional announcer, Luke is also an independent contractor and consultant to aviation events and organizations, including local governments and the U.S. military. He has been invited to participate in some of the largest and most known air shows in the United States and additionally serves as an annual emcee and presenter at the International Council of Air Shows (ICAS) convention held in Las Vegas each year.

## SERVICES

Production quality is an integral part of Luke Carrico's air show presentation and air show delivery. Traveling to each show site with the top in professional grade audio equipment, broadcast headsets, mixers, and an unmatched (modern!) music library, Luke is able to fine-tune his presentation to best match the scope and atmosphere of the event, along with the performers and of course the spectators and sponsors. This experience, combined with these niche technical capabilities, allows Carrico to handle any conceivable situation that may arise during your event, and ultimately *Elevates Your Air Show* to the next flight level.

- ➔ Professional air show announcing & live production solutions
- ➔ Tailored soundtracks with an extensive library (5,000+ tracks)
- ➔ ESPN-style broadcast headsets, audio mixers, & professional grade production equipment
- ➔ Emphasis on the unique needs of your show, including sponsor requirements and in-show commercial reads
- ➔ Trusted Live To The Cockpit communications capabilities.
- ➔ U.S./DoD & International Jet Team experience
- ➔ Talent for media interviews & pre-show promotion
- ➔ High quality VO's and video media generation
